tonic, and is warranted a speedy and cer-tain cure for Fever and Ague, Chills and Fever, Intermittent or Chill Fever, Re-mittent Fever, Dumb Ague, Periodical or Bilious Fever, and all malarial dis-orders. In miasmatic districts, the rapid pulse, coated tongue, thirst, lassitude, loss of appetite, pair in the back and being and sold appetite, pain in the onck and tons, and cold-ness of the spine and extremities, are only premonitions of severer symptoms which terminate in the ague paroxysm, succeeded by high fever and profuse perspiration. It is a startling fact, that quinine, arsenie

and other poisonous minerals form the basis of most of the "Fever and Ague Prepara-tions," "Specifics," "Syrups," and "Ton-ics," in the market. The preparations made from these mineral poisons, although they are palatable, and may break the chill, do not cure, but leave the malarial and their own drug poison in the system, producing quinism, dizziness, ringing in the cars, head-ache, vertigo, and other disorders more for-midable than the disease they were intended to cure. AYER'S AGUE CURE thoroughly eradicates these noxious poisons from the system, and always cures the severest cases. and its crowning excellence, above its certainty to cure, is that it leaves the system as free from disease as before the attack.
